

Greater Christchurch Metrocard & Metrostickki Terms & Conditions

General Terms

The Metrocard and Metrostickki remains the property of Environment Canterbury. A Metrostickki is defined as a Stickki label which attaches to a mobile phone or other physical device by way of self adhesive and performs the same function as a Metrocard.

The use of Metrocard and Metrostickkis is governed by the terms and conditions determined by Environment Canterbury.

The Metrocard and Metrostickki are available for use on all participating Christchurch Metro bus services. Environment Canterbury is not responsible for any operators that refuse to honour Metrocard. While standard Metro fares apply on all participating services, customers should be aware that additional fares may be charged on the Metrocard or Metrostickki for services that are not operated under the Metro system. Environment Canterbury is not responsible for the quality of service provided as a consequence of the use of the Metrocard or Metrostickki, or liable for any losses thereby incurred.

Environment Canterbury together with any participating bus and ferry operators is authorised to debit bus and ferry service fees and charges to Metrocard or Metrostickki. The available credit on Metrocard or Metrostickki is not transferable and is non-refundable except at the discretion of Environment Canterbury. No interest will be paid to the cardholder for any funds on a Metrocard.

Environment Canterbury has the right to cancel a Metrocard or Metrostickki without notice. Authorised staff from Environment Canterbury and participating bus companies, or their agents, may confiscate any Metrocard or Metrostickki if they suspect it is being misused or they suspect the card holder has damaged or defaced any bus, bus stop or equipment. If the Metrocard or Metrostickki is confiscated in these circumstances, then any remaining available credit will be non-refundable, except at the discretion of Environment Canterbury.

If a Metrocard or Metrostickki is not used for three or more years the card will expire and the balance remaining will be retained by Environment Canterbury. Use is defined as the purchase of a trip on a bus or ferry within the Greater Christchurch Metro network.

All personal (registration) information relating to cardholders will be dealt with in accordance with the provisions of the Privacy Act 1993 and except to the extent allowed by that Act will not be passed on to any third party without the cardholder's consent. This means that authorised staff from Environment Canterbury and participating bus companies

or their agents may disclose the cardholder's personal (registration) information to the Police in the event they suspect the cardholder is damaging or defacing buses, bus stops or equipment.

When a new Metrocard or Metrostickki is issued it must be loaded with a minimum value of \$10.

Environment Canterbury has the right to vary the Terms and Conditions in respect of the use of the Metrocard or Metrostickki at any time. Publication or notice of changes will usually be provided four weeks prior to any changes.

Customer Rights/Obligations

Metrocards and Metrostickkis must be validated for every trip taken on a participating bus or ferry service by presenting the card to the on board card-reader device. The cardholder must show their Metrocard, Metrostickki, and/or boarding ticket, upon demand by an operator or driver. Failure to do so may mean that an operator charges the cardholder another fare.

Any cardholder who wishes to use a child concession must carry a CanDo card, driver's license or approved "Metro" identification (ID) with them that records their eligibility for the reduced fare. This ID must be shown to the driver when boarding the service or on demand. Failure to carry or display appropriate ID may result in a full adult fare being charged. If the cardholder is applying for a child concessionary Metrocard or Metrostickki proof of Date of Birth is required.

Any passenger using a Metrocard or Metrostickki for a child's concession fare is expected to offer their seat to a full fare paying passenger if all the other seats on the vehicle are occupied. This is a condition of access to cheaper child fares.

The cardholder is responsible for providing registration details either via the online website www.metroinfo.co.nz or completing a registration form when applying for their Metrocard or Metrostickki. Registration is required to allow the balance of a lost or stolen Metrocard or Metrostickki to be transferred to a new card.

PTO

Customer Rights/Obligations continued ...

If a registered Metrocard or Metrostickki is lost or stolen it is the responsibility of the cardholder to inform Environment Canterbury. Environment Canterbury will deactivate any registered cards reported lost or stolen. Deactivation will take effect the next business day following notification of the lost or stolen card. A new Metrocard or Metrostickki can be obtained, subject to the cardholder paying the card issuing fee and the value remaining on the lost or stolen card or stickki label after the date of notification may be transferred to the new card or stickki.

Inappropriately registered or unregistered Metrocards or Metrostickkis cannot be deactivated and the value remaining on a lost or stolen Metrocard or Metrostickki will not be refunded or transferred to a new card or stickki.

The cardholder is responsible for the care of their Metrocard or Metrostickki. All new and replacement cards and stickki labels will incur a fee.

Should a Metrocard or Metrostickki fail to operate; the driver will retain the card and issue a receipt to the passenger. This receipt will be valid for the remainder of that business day and will allow the passenger to use Metro services for that day only. It is the passenger's responsibility to contact Metroinfo at the Bus Interchange to arrange for a new card to be issued and any funds transferred from the malfunctioning card or stickki to the new card or stickki. Where a replacement card or stickki has not been obtained the passenger will be charged full cash fares after the expiry of the receipt.

All Metrocards and Metrostickkis have a 30 day warranty period, hence if a card or stickki is found faulty within the warranty period it will be replaced free of charge. Outside of the warranty period faulty Metrocards and Metrostickkis will incur a fee.

The cardholder may reload their Metrocard or Metrostickki at the Bus Interchange or at an approved Metro Agent, and on participating buses and ferries. If a Metrocard or Metrostickki has been registered reloads can also be completed via the internet using an approved credit card. Card or stickki reloads are restricted to multiples of \$10. EFTPOS is available at the Bus Interchange and Service Centres only.

Before presenting a Metrocard or Metrostickki, cardholders need to specify the full zonal distance they require on the first leg of their journey (first trip), if they want to benefit from the free transfers when travelling beyond Zone 1.

On presentation of your Metrocard or Metrostickki, the fare will be automatically deducted. No paper receipts or tickets will be issued for fares purchased with a Metrocard or Metrostickki, unless you are on your last available ride.

Environment Canterbury has the right to deduct funds from a Metrocard or Metrostickki if an incorrect fare has been charged or a fee has been avoided.

A Metrocard or Metrostickki is not transferable and Metrocard or Metrostickki discounted fares are restricted to the cardholder.

Code of conduct

You have the right to:

- be treated with respect
- friendly and courteous service
- a safe, clean and comfortable travelling environment

You are responsible for:

- respecting other people's rights – please give up your seat to those who need it more
- paying the correct fare, keeping your receipts and providing ID when asked for
- following any reasonable instructions from the driver and/or other company representatives

This means that you will not:

- threaten, bully, harass other people on the bus
- swear or use bad language
- eat, drink or smoke on the bus
- tag, graffiti or damage the bus in any way

If you do not comply with this Code of Conduct, it may result in prosecution and/or removal of your right to use the bus.

Video camera in use

Video surveillance is in use on buses and ferries at all times. If you deface or damage a bus or ferry you could face up to 3 months imprisonment, a fine of up to \$2000 and be trespassed.
